Experience

Software Development Intern (Remote SDE)
Sangam ERP Solutions Pvt. Ltd. | May 2025 – Aug 2025

- Designed and deployed **scalable full-stack modules** (MERN) with REST APIs following **microservices principles**.
- **Optimized ERP workflows** to improve efficiency by 15%, focusing on **reliability and transaction accuracy**.
- Implemented **secure authentication & access control mechanisms** to safeguard sensitive enterprise data.
- Collaborated in a **remote Agile environment** (Scrum) using **Git, GitHub, JIRA, CI/CD**, ensuring timely and high-quality delivery.

Technical Skills

- **Programming Languages**: Java, C++, JavaScript (ES6+), HTML, CSS
- **Frameworks/Libraries**: Spring, Spring Boot, React.js, Express.js, Tailwind CSS
- **Databases**: MySQL, PL SQL, MongoDB
- **Concepts**: Data Structures & Algorithms, Object Oriented Programming, System Design, Operating Systems, DBMS, Computer Networks
- **Cloud & DevOps**: AWS, Azure (Basics), Git, GitHub, JIRA, Jenkins, CI/CD, Docker
- **Development Practices**: Agile (Scrum, Kanban), Secure API Development, Microservices Architecture

Project's

1. **Cloud Based File Sharing Web Application** → *Spring Boot, JAVA, ReactJS, MongoDB*

   - Built a **secure cloud-based file sharing platform** with upload/download, role-based access, and activity tracking.
   - Designed **Spring Boot REST APIs** within a **microservices architecture**, ensuring modularity and scalability.
   - **Integrated Razorpay Payment Gateway** to allow users to **purchase credits**, providing hands-on exposure to **digital payments, secure transaction flows, and payment authentication**.

2. **Job Portal Application with Resume Analyzer & Builder** → *MERN Stack (MongoDB, Express.js, ReactJS, Node.js)*

   - Developed a **job portal platform** with recruiter job posting, candidate applications, and dashboards.
   - Integrated **resume analyzer & builder tools** for ATS-optimized resumes and **skill-job matching**.
   - Ensured **secure authentication, input validation, and fraud prevention mechanisms** to maintain trust.

Education

CHITKARA UNIVERSITY, Rajpura

Bachelor's of Engineering (B.E) | Computer Science and Engineering | 2023-27

Achievement's

- Solved **300+ DSA problems** (LeetCode & GFG) demonstrating **problem-solving & algorithmic thinking.**
- Delivered **end-to-end real-world scalable applications** (Web + Java terminal apps) with system design principles.
- Led 3+ project teams to **95%+ task completion**; demonstrated **leadership, collaboration, and decision-making skills**.
- Hackathon participation → demonstrated innovation **under pressure** and **time management**.

Certification's

- Goldman Sachs – **Software Engineering Job Simulation** | Forage
- Red Hat – **System Administration I & II (RH124 & RH134)** | RHA v9.3
- Cisco – **Junior Cybersecurity Analyst Career Path**

Soft Skills
